# Evaluating integration

The contribution of research to a gender-sensitive migration policy

NCCR North-South  
Claudia Michel, Eva Heim, Anne Zimmermann

td-conference 2009, 20/11/09

1. Integrating research and experience in the NCCR North–South
2. Evaluating research informing policy and practice
3. Contributing to gendered migration policy in Pakistan
4. Conclusions

# **1 Integrating research and experience in the NCCR North–South**

## NCCR North-South

Inter- und transdisciplinary research

Knowledge sharing

## **2 Evaluating research informing policy and practice**

## Outcome Monitoring

NCCR North-South goal of informing policy and practice

Social learning

Changed practices as indicators of social learning

**“How does NCCR North–South transdisciplinary research contribute to social learning between research, policy and practice?”**

## 3 Contributing to gendered migration policy in Pakistan

Maqsood Jan, SDPI

## Migration from Pakistan

SDPI research on migration from and remittances to the North–West Frontier Province of Pakistan (NWFP)

SDPI, 2009

# NCCR Strategy for supporting a gender-sensitive migration policy

International norms on migration, remittances contribute to national development Afghan refugees, natural disasters

# NCCR Strategy for supporting a gender-sensitive migration policy

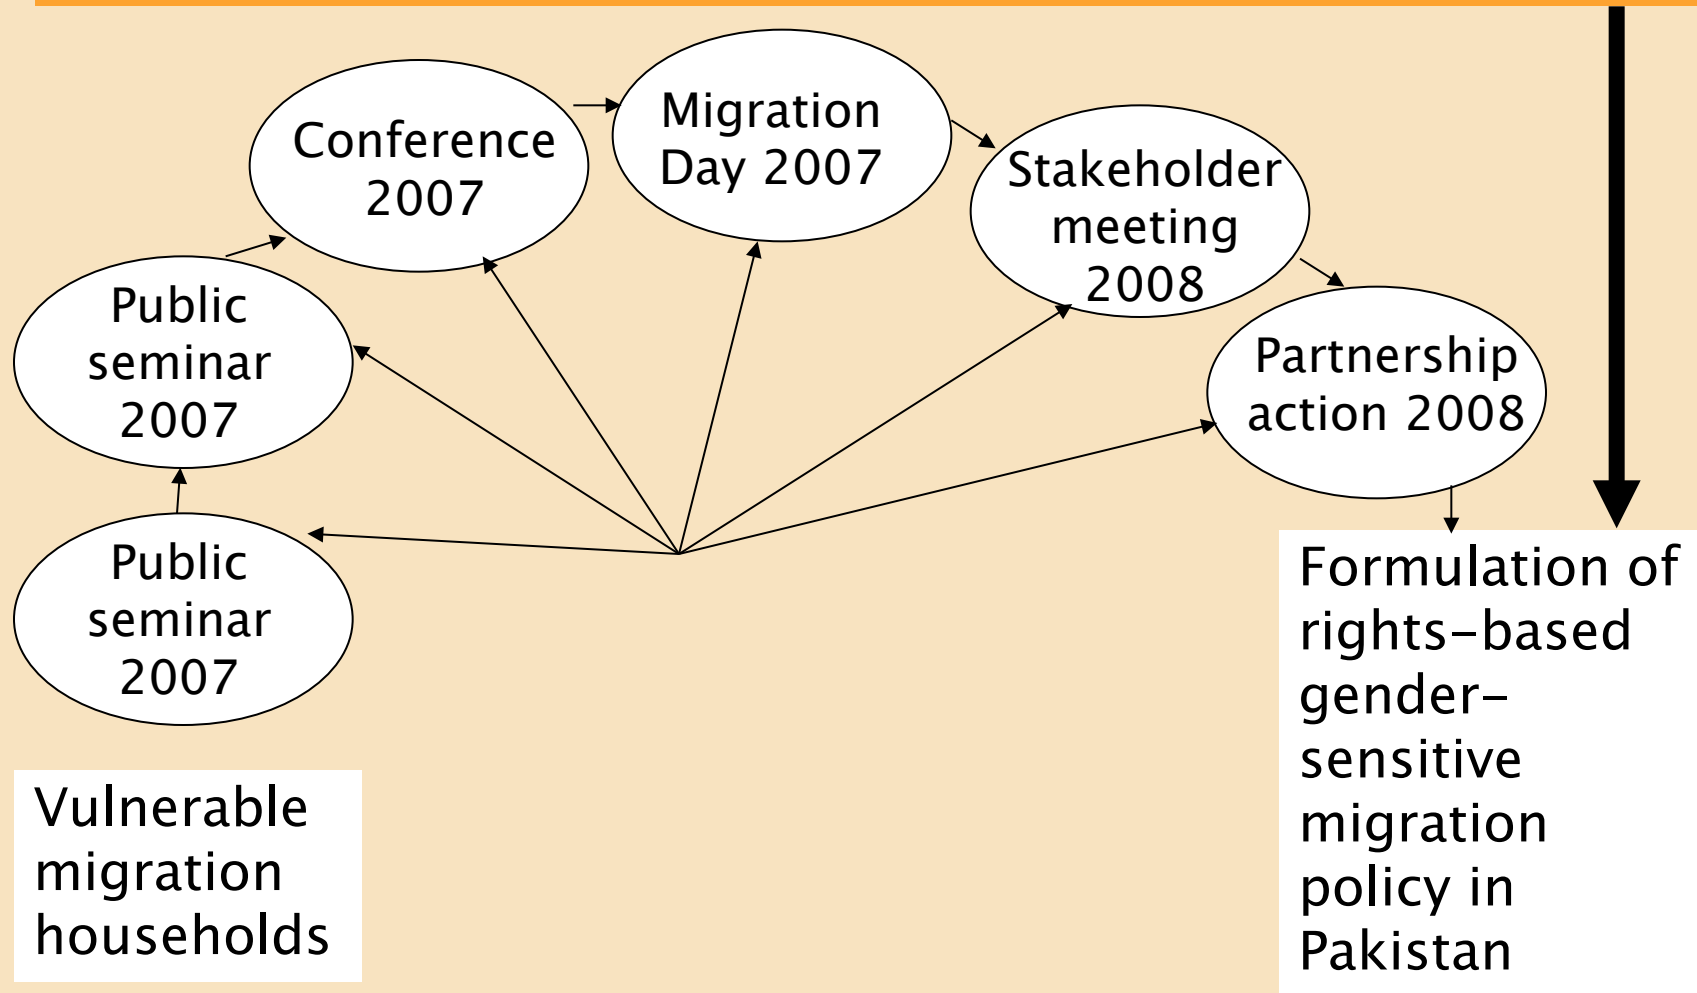

International norms on migration, remittances contribute to national development Afghan refugees, natural disasters

Vulnerable  
migration  
households

International norms on migration, remittances contribute to national development  
Afghan refugees, natural disasters

Vulnerable  
migration  
households

Formulation of  
rights-based  
gender-  
sensitive  
migration  
policy in  
Pakistan

# NCCR Strategy for supporting a gender-sensitive migration policy

International norms on migration, remittances contribute to national development  
Afghan refugees, natural disasters

D. Maselli, 2008

## 4 Conclusions

## **NCCR North–South strategies to contribute to changes in practices among the policy, practice and local communities**

- Research management
- Disseminating research results beyond the scientific audience
- Networking with policy–makers, development practitioners and local communities
- Sharing and mutual learning
- Advising decision–makers
- Capacity development
- Implementing research
- Lobbying/advocacy
- Alliance strategy
